

WHEELS

- All-rubber
- Tubeless

Type	Size	From	To
All-rubber		60x38mm	500x70mm
Tubeless		220x80mm	400x100mm

MOTORCYCLE, AUTOMOBILE PARTS

CUSTOM PRODUCTION FOR OLD-FASHIONED VEHICLES AS WELL

Cleaning dust cover, seals of various shapes and sizes, blades, rubber fillers, scraper rings, sealing nuts, bushings, tank fillers, impurities catchers, inserts, bellows, covers, grips, rubber stoppers, stops, suction branches, carburettor branches, rubber couplings, bush springs.

RUBBER COATING

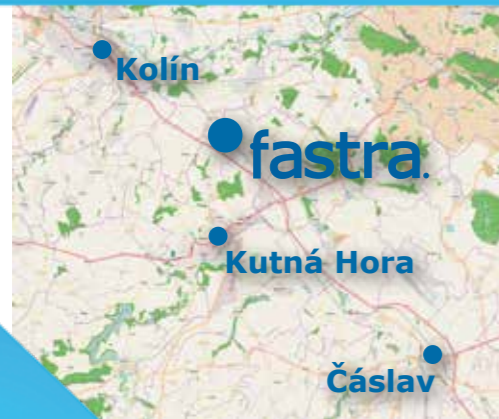

- Rubber silent
- Rubber-metal parts

FASTRA, s.r.o. rubber coats both rotary and shaped products. We produce custom-made rubber silent blocks, stops, rubber coated adjusting screw heads, etc. We supply these products per their specified sizes and special products both as serial products and individual special parts.

We will gladly produce both compression moulds and metallic inserts for your product, as agreed.

... RUBBER PRODUCTION

PRODUCTION OF RUBBER SEALING AND SHAPED PRODUCTS EVEN IN CONNECTION WITH METAL AND TEXTILE

www.fastra.cz

RUBBER PRODUCTION

Our rubber production following up on its 30-year practice in the production of rubber, sealing, and shaped components even in connection with metal and textile, is located directly in the production site of FASTRA, L.t.d.

We produce our products in several classic vulcanising press machines with the maximum working face sizes of 800 x 800 mm and/or our semi-automatic press machines with the sizes of 400 x 400 mm.

THE COMPANY'S BIGGEST PRODUCTION VOLUME CONSISTS OF COMPONENTS USED IN OUR OWN PRODUCTS:

- Strut rubber components (rollers, pins, cones)
- Balloons for closing sets
- Packings for plate closures
- Stoppling set packings

OTHER PRODUCTS:

- Sealing components (rings, packings)
- Balloons for closing shaped products
- Rubber holders
- Rubber products for track vehicles
- Automobile accessories
- Plates for sealing component cutting
- Insulation
- Rubber coating
- Rubber silent
- Rubber holders

OUR STRICT QUALITY CONTROL OF ALL PRODUCTS SUPPLIED TO OUR CUSTOMERS MINIMISES COMPLAINTS. THANKS TO OUR PRODUCT QUALITY AND PRECISE AND RELIABLE ADHERENCE TO OUR DELIVERY PERIODS, THE PARTNERS OF FASTRA, s.r.o. MAY FULLY RELY ON OUR PRODUCTS.

The materials we use for our production of rubber and rubber-metallic products are, for example:

- Natural rubber (NR)
- Styrene-butadiene rubber (SBR)
- Ethylene-propylene rubber (EPDM)
- Nitrile rubber (NR)
- Chloroprene rubber (CR)

RUBBER SEALS

- O-rings
- V-packing
- U-packing

Type	Size	From	To
O-rings		5,0x9,0/2,0mm	240,0x250,0x5,0mm
V-packing		8,0x12,0x5,0mm	270,0x300,0x19,0mm
U-packing		8,0x12,0x5,0mm	270,0x300,0x19,0mm

Other (shaped, cutout)

We produce our sealing components per the customer's individual order.

We need these specifications:

- Material type (quality) (oil-resistant, abrasion-resistant,...)
- Material hardness
- Sealing component thickness + size

The cut out product shape follows the customer's sealing component drawing - we get our cutting knives as part of the order.

SHAPED PRODUCTS

- produced by the pressing or transfer with weights ranging from a few grams up to several tens of kilograms and from the size of several millimetres up to the size of 600 mm.

The product size or its model (sample) is always critical. We supply our products perfectly compliant with their specified sizes and special requirements.

We will gladly produce compression moulds for you.
